

# UPSTAIRS

Here are our menu themes for the coming year.

All prices are fully inclusive of menu, wines, coffee, water and service charge.

All dinners begin with drinks and nibbles at 7pm with dinner commencing at 7.30pm. Unfortunately, we are unable to cater for dietary requirements for these events.

Our cuisine at Trinity has always been firmly rooted in and governed by the seasons.

The anticipation and celebration of seasonal ingredients is at the very heart of Trinity. We harness ingredients by using them at the very moment nature intends, thereby working with them in their prime. So, for 2024 we have a monthly appointment with a seasonal British ingredient of choice. An ingredient that we will engage with and champion through our a la carte menu, our wine dinners and our social tutorials, spending countless hours seeking out the very best examples of this ingredient across the UK.

This will flow into our monthly wine dinners hosted Upstairs at Trinity. The focus is on a single, seasonal ingredient to anchor the event, the menu, and its carefully selected wine.

From time to time we will be inviting the good and the great from the wine world, suppliers, producers and wine aficionados as special guests to join us for great conversation.

## Crab and Hydrangea

English brown crabs when bought live, cooked fresh in highly seasoned water, picked and eaten before the fridge comes into play are a thing of utter beauty. Such a versatile ingredient which shows brilliantly on its own and as a bedfellow to heat, spices, pasta and rice. We love crab!

We only buy male crabs that are caught in a sustainable way.

On this wine dinner we will be showcasing the importance of a wine pairing and how it can enhance your experience.

Hosted by Hugo Moreira our Head Sommelier that put together an amazing pairing including some of the best producers in the world of wine to dazzle your senses.
